5. Authors' Empathy	121
6. Contesting Empathy	145
Appendix: A Collection of Hypotheses about Narrative Empathy	169
Notes	173
Works Cited	209
Index	235

"*Empathy and the Novel* belongs in the company of Peter Brooks' *Reading for the Plot* as an exciting and lucid reflection on empathy in the novel and the empathetic effects of narrative on readers. Working at the cross-section of literature, neuroscience, and psychology, the book is a stunningly original, broad-ranging contribution to narrative ethics and to the meanings of emotion in literature, life, and human society."

—Susan Stanford Friedman, Virginia Woolf Professor of English and Women's Studies,
University of Wisconsin-Madison

"Drawing on cognitive science, narrative theory, and the sociology of reading, *Empathy and the Novel* challenges the received wisdom about the ethical effects of novel-reading. That identification leads to empathy and empathy to altruism has been one of the axioms of novel criticism, repeated in different terms from the eighteenth century to the present. Keen replaces those easy pieties by a subtler account of emotional response which nonetheless accounts for the centrality of empathy to ordinary readers' accounts of their own experience."

—Leah Price, author of *The Anthology and the Rise of the Novel*

"*Empathy and the Novel* . . . helps us read more distinctly the written record of the nineteenth-century novelists and critics who put overwhelming faith in the sympathetic work of the novel as a form."

—*Victorian Studies*

"Suzanne Keen calls into question the widespread assumption that imaginative engagement with fictional works can help us become more empathetic and more ethical persons. Lively, incisive, sobering, and deeply instructive, *Empathy and the Novel* will prove of great interest to working on narrative, on the psychology of reading, on ethics and literature, and on popular fiction, while making a key contribution to the new field of cognitive literary studies."

—Alan Richardson, Professor of English, Boston College

ABOUT THE AUTHOR

Suzanne Keen, Thomas H. Broadus Professor of English at Washington and Lee University, is the author of *Narrative Form*, *Romances of the Archive in Contemporary British Fiction*, and *Victorian Renovations of the Novel: Narrative Annexes and the Boundaries of Representation*.
